Harry Potter Party an Amazing Success!

The evening of Friday, July 20th saw our courtyard filled with a magical assortment of witches, wizards, giants, black cats and one very cute house elf. All were waiting for the witching hour of midnight and the release of the final instalment in the Harry Potter series, **Harry Potter and the Deathly Hallows**. The two hours just seemed to fly by as we enjoyed broomstick races, potions class and fortune telling. A huge thanks to all who came by and made our party a great success. We hope you enjoyed it as much as we did!

Birthday Coming Up?

We are happy to provide gift receipts.

Don't forget about our gift registry, free gift wrapping and gift certificates.

Pearson will be reading from her latest book, **A Perfect Gentle Knight**, for grades 6 to 8:

Kit Pearson's long-awaited new novel tells the story of the five Bell children, each of them coping in various ways in the aftermath of their mother's death. Set in the 1950s and seen through the perspective of the middle child, 11-year-old Corrie, Pearson's story illustrates how a rich fantasy life both helps and hinders children trying to cope with loss, loneliness, and growing up. While elder sister Roz is growing up and out of the desire for fantasy games, eldest brother Sebastian, who fancies himself Sir Lancelot in their Round Table game, continues to need them as much as ever, creating tension in the family. Corrie becomes concerned and worries that Sebastian may have lost his grip on reality.

Our afternoon session, at 1:30pm, features science fiction and fantasy author **Simon Rose**, who will be reading from his new novel, **The Heretic's Tomb**, for grades 5 and 6:

While exploring a medieval archaeological site containing the ruins of an ancient English abbey, Annie discovers the long-forgotten tomb of Lady Isabella Devereaux, who had been condemned to death as a heretic in 1349. When Annie curiously examines a mysterious amulet she finds in the tomb, she is suddenly sent hurtling back to the Middle Ages, encountering sorcery, treachery, treason and ghastly horrors of the Black Death.

Thursday, October 18th: Science writer **Jacob Berkowitz** will be reading from his newest book, **Jurassic Poop**, for Grades 4 to 6 at 10:30am:

Learn how to spot ancient poop impostors. Meet dung detectives getting to the bottom of history's hind-end mysteries. Find out how poop gets preserved and discover what it can tell us about dinosaurs, humans and other animals from long ago.

Get the inside scoop on ancient poop. We hear Jacob brings samples!

November

Thursday, November 8th: At 10:30am, **Jan Andrews** will be reading stories from her newest collection, **Stories at the Door** for grades 3 and 4:

Jan Andrews draws on folk stories from around the world to build her newest collection of tales, rife with humour and tingling with action. Cleverly threaded together by verses describing the arrival of unbidden stories that enter boldly through the door and stay just long enough to have their say, these tales have been rendered anew by a master storyteller. Stories at the Door points out our human foibles in the nicest of ways and reminds us all not to take ourselves too seriously. Highly amusing drawings peppered throughout heighten the experience.
